Alexander Rose is committed to contributing to a more ethical and sustainable world. All of our furniture ranges have been designed to minimise material wastage in the manufacturing process. We are also proud to be leading the way with our policy of eliminating single use plastics in our packaging.

What is FSC®?

Sustainability is incorporated into all our core values at Alexander Rose. An example of our commitment can be seen on the tick tree logo found on all our wooden furniture, as awarded by the FSC® (Forest Stewardship Council.) They're an international non-profit and their small but mighty symbol represents the responsible forestry behind every piece of our garden furniture within our beautiful timber range.

For our wooden products to carry the FSC® label, the forests from which we source our timber must meet stringent criteria, including compliance with all applicable laws & regulations, the well-being of all workers, rights of ownership for all indigenous people and the commitment to restoration of ecosystem services.

We source sustainable materials and work with factories that demonstrate fair and appropriate employee conditions. Wherever possible, the waste generated from our production process is recycled and our products aren't unnecessarily over packaged.

It's important for us that we prioritise our environmental and ethical responsibilities, both now and for the future and, for us, being FSC® certified is one part of that ongoing commitment.

Bengal

10^{Year}
Warranty*

Our Bengal range sits within our Core collection of garden furniture. Each product has a classic design, all made from Roble wood, which has beautifully warm and natural tones.

If you're after clean and unfussy garden furniture, with an emphasis on natural materials and quality craftsmanship, which also scores highly in terms of durability, look no further.

Roble timber doesn't require treatment and will have an expected lifespan of 25 years without it. If left to age naturally, your garden furniture will slowly turn a beautiful silvery-grey colour. Or, if you're keen to preserve the colour, it can be treated with the Alexander Rose Colour Protector. Follow with Timber Shield to create a protective barrier against water and moisture.

Ergonomic Comfort

Our folding carver exudes sophistication. It has a tall, slightly curved back, designed to shape to your body as you sit and relax. It looks striking as the accompanying chair to the Bengal table, which comes as a pedestal, or a folding table.

Royal Park

10 Year Warranty*

Our Royal Park bench range is made from one of the finest, most durable timbers - Roble, which has a beautiful honey-colour and natural tones. We also have a 5ft Royal Park bench in Teak from Brazil. Teak is equally as durable as Roble and has a mellow orange colour with an enhanced grain. The pre-built bench design is chunky, sturdy and inviting for a long natter with a friend. We have 3, 4, 5 and 6 seater options.

Roble and Teak doesn't require treatment and will still have an expected lifespan of 25 years without it. If left to age naturally, your bench will slowly turn a beautiful silvery-grey colour. Or, if you're keen to preserve the colour, it can be treated with the Alexander Rose Timber Shield to create a protective barrier against water and moisture.

Broadfield

3-10 Year Warranty*

Over 20 years ago we had a vision to bring quality, affordable garden furniture to the UK market and the Broadfield bench was the first product we ever designed! Design and ergonomics embodies everything that we still incorporate into our designs to this day - ultimate comfort, classic styles and a quality finish. So it's no wonder that these are our best selling benches!

The chairs and benches in this range all have a curved and elegantly slatted back, which fit to the shape of your back for ultimate comfort. We pioneered the design all that time ago, and it's now a common design feature in best-selling garden furniture around the globe.

The range comes in a choice of 5 finishes, whether you prefer a honey coloured wood, a darker, richer wood, or freshly painted for a modern finish!

Acacia and Oiled Mahogany comes with a 3 year warranty.

Roble comes with a 10 year warranty.

St. George

3-10 Year Warranty*

Our St. George benches perfectly embody everything that we incorporate into our designs - ultimate comfort, classic styles and a quality finish. They're very similar to the benches in our Broadfield range, only with much thicker timber, for those who prefer a chunkier style.

They all have a curved and elegantly slatted back, which fit to the shape of your body for ultimate comfort. We pioneered the curved back design when we first started up and it's now a common design feature in best-selling garden furniture around the globe.

We have 4ft, 5ft and 6ft versions, perfect for between 2-4 people, to sit, natter and relax.

Sherwood

3^{Year}
Warranty*

Our Sherwood range is perfect for those looking for traditional style garden furniture, with a slight modern twist to keep it current and unique. All products within the range are made from the wonderfully versatile and durable Acacia hardwood and are painted in 3 wonderful shades - chestnut brown, french grey or classic white.

The chestnut and grey furniture within the range has a brushed and slightly textured appearance, which has been through a careful and considered process to achieve the desired look. First, we smooth down the wood, then we deliberately rough the surface of each individual piece with a wire brush to get that signature “distressed” texture and then finally, we apply the paint. It’s a true example of quality craftsmanship, combined with quality materials.

Whether you’re snoozing in the elegant Sherwood Steamer, or sharing a pizza on the Gateleg Table, you can rest in the knowledge that the Sherwood range is FSC® 100% certified and responsibly sourced.

The classic Drachmann designed bench has a white painted finish and will add a touch of Scandinavian simplicity to your outdoor space.

Tivoli

10 Year
Warranty*

Our Scandinavian-inspired Tivoli range is all about precise angles and elegant slats.

Roble wood is typically used in more traditional styles which is why this range is so unique. The elegant frames are sleek and contemporary, yet still equally strong and durable. The colour of the wood is both warm and natural, with a beautiful, visible grain.

After a perfect day entertaining friends on your new Tivoli garden furniture, you can sleep with a clear conscience too, because the whole collection is FSC® 100% certified, awarded by The Forest Stewardship Council - an independent non-profit organisation who assure that the forests from which the timber originates meets the social, economic and ecological needs of present and future generations.

Bolney

5 Year
Warranty*

Our Bolney range showcases beautiful, strong timber garden furniture, made from Acacia. This dense hardwood is a rich brown colour, with an attractive marbled grain.

This timber is extremely durable - so you can be confident it'll last for many years to come, even with the good old English weather. We recommend treating annually with our Timber Treatment to nourish the wood and maintain the original colour for longer.

Malu

3^{Year}
Warranty*

Our rustic Malu range offers both quality and affordability in equal measures. It's classic, familiar and functional. And it includes an adorable 2 foot children's picnic table!

This range is known for its practicality, and space-saving designs. All of the products are made from Pine which has been sourced from responsibly managed forests in Eastern Europe. The Pine has been treated to make it suitable for outdoor use, all year round. In time, these products will turn an ashy silver / grey. We recommend applying a softwood preserver annually.

Portofino

5 Year Warranty*

Our Portofino range has been one of our most popular, and we firmly believe this is because of its style and simplicity.

Products in this sought-after range are made from steel which has been finely powder coated as part of a cathodic dip coating process, also known as CDC. Essentially, this means that you can be confident that it won't rust. We can vouch for its durability with a 5 year warranty too.

Cushion shades within the Portofino range can be matched with our parasols, so you can create a perfectly matching outdoor space which will be the envy of all your friends.

Monte Carlo

3 Year
Warranty*

The Monte Carlo range includes a broad range of items, from armchairs to sunbeds and modular sofas, and features some quirkier items too, such as a hanging chair and relax lounger.

Manufactured at our factory in Cebu, Philippines, and handwoven by our in-house highly skilled weavers, our Monte Carlo range is made with 3mm synthetic grey rattan woven into strong and sturdy aluminium frames.

The beautiful Monte Carlo cushions are made from durable Olefin fabric in charcoal colour, which compliments the grey weave frames.

Trak

3 Year
Warranty*

Trak is our new indoor furniture collection, intricately designed and expertly engineered from FSC® 100% certified quality White Washed European Oak.

The signature piece of this hybrid collection, the slatted Trak Bench, will stand proud in your hallway, sit at the end of your bed or feature in your living space as an elegant coffee table. This premium product comes conveniently flat packed, and is easy to assemble.

Complementing Trak Bench is the oak framed Trak Tray, featuring a dual coloured base in pastel green and matt black. The tray cleverly locks in place between the slats of the seat.

Trak Coat Rack creates a striking feature above the bench in a hallway or cloakroom. Its slatted shelf and pegs have been designed to align with the bench seat, completing the Trak set.

Alexander Rose hardwood parasols are operated using a pulley and locking pin system. Simply pull the rope down to raise your parasol up to the desired height and place the brass pin in one of the pole holes to secure.

To lower the parasol remove the locking pin and slowly let the rope pass through your hands until the canopy is folded.

We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

A twist on our classic hardwood parasol which has the same trusted pulley and locking pin system.

What’s different about this parasol is the addition of faux leather patches covering the canopy’s tips to reinforce the material.

The thickness of the parasol’s pole has been increased and has a single central pole making for an all-round sturdier parasol.

We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

Our elegant cantilever parasols can be positioned to provide maximum shade. They appear to float above the furniture and can be manually rotated to follow the sun.

They are free standing, which allows you to position the furniture underneath rather than around a central pole as with conventional designs. The crank mechanism enables effortless use.

UH35

The UH35 is an 8 spoke 3.5m cantilever parasol. The easy crank mechanism makes raising and lowering one smooth movement. The canopy

The parasols are made using lightweight durable polyester fabric which is water resistant and easy to clean. To clean your parasol we advise that the fabric is kept attached to the frame. For best results use a soft brush or broom and warm soapy water. For stubborn stains the canopy can be removed and washed at 30°C. Once washed it is important to put the canopy back on the frame to dry.

The large cushion bag is designed for our larger cushion pieces, such as the Ocean Hut, modular sofa sets and Beach Lounge sets. We recommend storing cushions in the bag in a dry place when not required.

Furniture Covers

Our covers are breathable and protect against the build up of dirt and ensure less furniture maintenance is required. The covers come with ties and cords for securing to the furniture. It may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce the amount of sagging and will help the airflow around the furniture.

Olefin & Polyester Cushions

These cushions come with string ties for securing to the furniture.

The fabric is resistant to shrinking and staining. We recommend storing the cushions in a dry environment during wet weather and over winter.

Cushion Cleaning Tips

1. Brush off any loose dirt.
2. Spray the area with our Fabric Cleaner and leave for 10 minutes.
3. Work the solution into the fabric with a damp cloth.
4. Rinse away with cold water.
5. Allow the fabric to air dry.
6. Spray the cushion with our Fabric Protector to prevent future staining and to add a layer of water resistance.

Do not dry clean, iron, steam iron or tumble dry cushions.
Do not use bleach or strong detergents

Scatter Cushions

Personalise your furniture with our vibrant range of scatter cushions to give a pop of colour. Made from 180gsm polyester fabric, cushions come in a choice of 5 eye catching colours.

Bench Engravings

Alexander Rose offers an engraving service with three options: brass plaque, stainless steel plaque and direct engravings onto our furniture. Our brass plaque offers a more traditional look for your inscription. Stainless steel plaques provide a more contemporary look with a silver shine, and they will not rust.

If you are looking for something unique we offer a direct engraving service. Your inscription is carved directly into the timber by a computer-aided engraving machine. A direct engraving will mellow down along with the bench to a silver/grey finish if left untreated.

Furniture Anchors

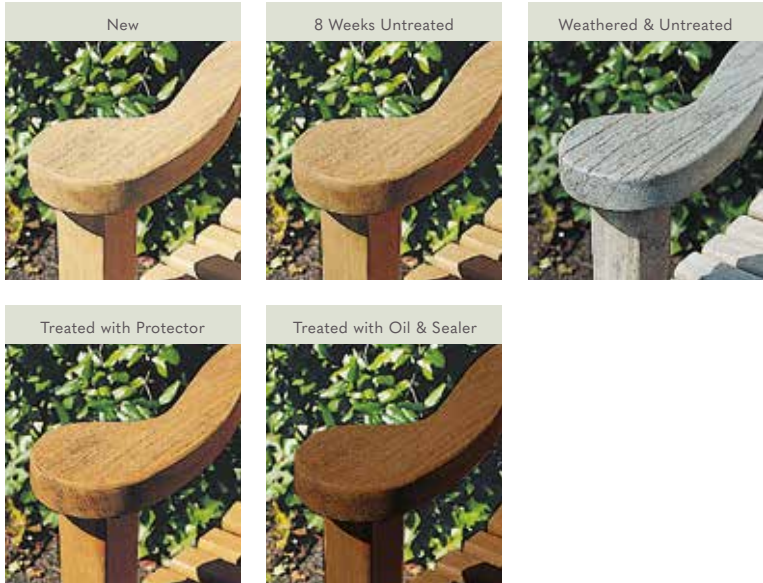

We have designed two types of anchors for different surfaces, the most common being lawns. Using an Alexander Rose soft ground anchor kit avoids the need for concrete. Installation is quick and easy without any mess.

Our soft ground anchors come with solid brass plates that screw onto the outside legs. These have sleeves to allow the anchors to pass through and penetrate the surface. When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security. Our hard ground anchors are designed to be used with concrete. They have a maximum depth of 110mm and require a 20mm masonry drill bit to install them.

Timber Treatments

Over time, as part of the natural weathering process, cracks and splits will appear in the wood, particularly on the end grain and to a lesser extent on the surface. The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors. Our timber furniture is designed with this in mind and its strength and durability will remain unaffected.

Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood.

Fabric Treatments

To keep your cushions looking their best, clean regularly using our Fabric Cleaner. Dampen the fabric, spray the cleaner onto the affected area and leave for 3-10 minutes, allowing it to work it’s magic. Rinse with clean water and allow to dry. Add a layer of protection once dried, using the Fabric Shield – this adds a layer of water resistance and helps to prevent stains.
