Different By Design

We are proud to have been manufacturing outdoor and spa furniture for over 25 years. In that time we've evolved and adapted to become a leading designer and supplier of commercial furniture for the hospitality industry.

The design and development of our quality furniture happens from the Alexander Rose Head Office in West Sussex.

There is a wide range of off-the-shelf designs to choose from and we also have the capacity to create bespoke pieces for larger developments (subject to prior consultancy). You can visit our showroom to see our latest designs.

Our reputation has been built by listening to our clients, speaking their language, sharing their enthusiasm and bringing passion, experience and skill to the design and manufacture of outdoor furniture.

Our Service

INITIAL SITE VISIT

Bespoke

Looking for something unique to your brand or can't find what you are looking for in our brochure? We will work with you to create beautiful bespoke furniture, unique to you, to meet your style and budget.

We have in-house design capabilities on hand to bring your ideas to life. We have worked with many interior designers, as well as hotels, spas and golf clubs, all of whom selected Alexander Rose to make furniture that matched their brand, style and vision.

What is FSC®?

Sustainability is incorporated into all our core values at Alexander Rose. An example of our commitment can be seen on the tick tree logo found on all our wooden furniture, as awarded by the FSC® (Forest Stewardship Council®). FSC® are an international non-profit organisation and their small but influential symbol represents the responsible forestry behind every piece of our garden furniture within our beautiful timber range.

For our wooden products to carry the FSC® label, the forests from which we source our timber must meet stringent criteria, including compliance with all applicable laws & regulations, the well-being of all workers, rights of ownership for all indigenous people and the commitment to restoration of ecosystem services.

We source sustainable materials and work with factories that demonstrate fair and appropriate employee conditions. Wherever possible, the waste generated from our production process is recycled and our products aren't over packaged.

It's important for us that we prioritise our environmental and ethical responsibilities, both now and for the future and, for us, being FSC® certified is one part of that ongoing commitment.

Hazelmere

2 Year Warranty*

Hazelmere hand-woven furniture offers a wide variety of sets in a combination of fashionable colours, to grace your outside space all year round. This beautifully crafted furniture harmonises perfectly with traditional, country or contemporary outside areas.

The lightweight aluminium frames are powder coated prior to weaving in a basket style pattern, using a 4mm round profile, with a finely brushed surface texture. There is a choice of natural wicker with dusk cushions, or grey with pistachio. The fabrics used on Hazelmere cushions are fully waterproof, so they're ready to stand up to the unpredictable weather.

Country of Origin - Vietnam

Weave Type - 4mm Round Natural or Grey

Grey Weave + Pistachio Fabric 

Cushion Colour - Pistachio or Dusk

Cushion Material - Polyester Fabric

Cushion Warranty - 1 Year

Ceramic Glass Tabletop Surface 

Frame Warranty - 2 Years

Maintenance

We recommend that Hazelmere frames are cleaned at least once a year. A pressure hose on a wide setting is acceptable to use on woven chairs at a distance of approximately one metre from the product. Tables should be cleaned carefully with a sponge or soft scrubbing pad and a cleaning agent.

To clean the table top surfaces, we suggest the use of any multi-surface cleaner. Polyester cushions can be cleaned using warm water and a cloth. Harsh chemicals should not be used to clean the cushions.

Plank

5 Year Warranty*

Plank is made from one of the strongest timbers in the world, which makes it extremely durable and hard wearing.

It signifies strength, simplicity and practicality. Using tried and tested construction methods to create very striking, bold pieces of furniture.

The tables come in 2 sizes, and the Teak tops are made using 5 hand-selected planks, picked for their consistent colour and grain. The stretcher rail locates into the cross frames with a locking peg – a traditional joinery detail with a modern twist.

The benches are 1.2m long and can sit alongside the table, or as a standalone bench. A popular set up is to pair the table with 2 benches on one side, sitting opposite either our San Marino, Monte Carlo or Cordial woven armchairs.

Country of Origin - Vietnam

Wood Type - Teak. Tectonis Grandis.

Pine

2 Year Warranty*

Pine offers both quality and affordability in equal measures. It offers classic, familiar and functional designs.

This range is known for its practicality and space saving designs. All of the products are made from Pine which has been sourced from responsibly managed forests in Eastern Europe. In time, the products will turn an ashy silver/grey. We recommend applying a softwood preserver annually.

Country of Origin - Poland

Wood Type - Pine. Pinus Sylvestris.

Pine

Frame Warranty - 2 Years

Maintenance

All furniture items in the pine collection are treated to make the wood suitable for outdoor use, it has a long term resistance to decay. Pine must be retreated annually with a softwood preservative such as Cuprinol or Ronseal.

Cordial

2^{Year} Warranty*

Our luxury Cordial range is crafted from tubular powder coated aluminium frames.

The Cordial rope is made from Olefin – a weather proof, fade resistant fibre that can withstand the most harsh weather conditions. The rope has a thick rubber core, so only the very surface gets wet. This will dry out in the sun in half an hour.

Country of Origin - Cebu, Phillipinnes	50mm Luxe GR	
Frame Details - Powder coated aluminium.	15mm GR	
Rope Details - Neoprene rubber core, olefin sleeve.	50mm Luxe LG	
Cushion Colour - Grafito or Niebla.	Powder Coat Alu Grey	
Cushion Material - Solution dyed acrylic.	Grafito Fabric	
Cushion/Rope Warranty - 1 Year	Niebla Fabric	
Frame Warranty - 2 Years		

Maintenance

Cordial furniture can be cleaned using a pressure washer on a wide nozzle setting at a distance of approximately 1 metre. This should be done on a warm day so that the rope can dry in optimal time. Alternatively, for more precise cleaning, a light cleaning solution can be applied using a cloth to any heavily soiled areas. Avoid using bleach.

Cushions can be cleaned using warm water and soap.

Cantilever Parasols

Our elegant cantilever parasols can be positioned to provide maximum shade, and can be manually rotated to follow the sun.

They are free standing, which allows you to position the furniture underneath rather than around a central pole as with conventional designs. The crank mechanism enables effortless use.

The parasols are made using lightweight durable polyester fabric which is water resistant and easy to clean. To clean your parasol we advise that the fabric is kept attached to the frame. For best results use a soft brush or broom and warm soapy water. For stubborn stains the canopy can be removed and washed at 30°C. Once washed it is important to put the canopy back on the frame to dry.

To keep your cushions looking their best, clean regularly using our Fabric Cleaner. Dampen the fabric, spray the cleaner onto the affected area and leave for 5-10 minutes, allowing it to work its magic. Rinse with clean water and allow to dry. Add a layer of protection once dried, using the Fabric Shield – this adds a layer of water resistance and helps to prevent stains.

Timber Treatments

Over time, as part of the natural weathering process, cracks and splits will appear in the wood, particularly on the end grain and to a lesser extent on the surface. The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors. Our timber furniture is designed with this in mind and its strength and durability will remain unaffected.

Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood.

We offer an out of season service for furniture treatment and restoration in our workshop. For further details, email commercialsales@alexander-rose.co.uk. Our out of season service runs from October to December.

Bench Engravings

Alexander Rose offers an engraving service with three options: brass plaque, stainless steel plaque and direct engravings onto our furniture. Our brass plaque offers a more traditional look for your inscription. The stainless steel plaques provide a more contemporary look with a silver shine, and they will not rust.

If you are looking for something unique, we offer a direct engraving service. Your inscription is carved directly into the timber by a computer-aided engraving machine. A direct engraving will mellow down along with the bench to a silver/grey finish if left untreated.

Furniture Anchors

We have designed two types of anchors for different surfaces, the most common being lawns. Using an Alexander Rose soft ground anchor kit avoids the need for concrete. Installation is quick and easy without any mess.

Our soft ground anchors come with solid brass plates that screw onto the outside legs. These have sleeves to allow the anchors to pass through and penetrate the surface. When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security. Our hard ground anchors are designed to be used with concrete. They have a maximum depth of 110mm and require a 20mm masonry drill bit to install them.
